

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection

Rule 54.313(a)(5)

TDS Telecommunications Corporation's ILEC companies follow applicable federal and state service quality and consumer protection rules. They comply with quality of service requirements including monitoring and reporting service quality metrics where required. TDS Telecom has implemented numerous consumer protection measures to protect customer information. For example, TDS implemented Customer Proprietary Network Information (CPNI) policies and procedures that are consistent with the FCC's regulations. Employees are required to complete CPNI training and in addition, employees who have access to CPNI data receive additional guidance through written procedures regarding customer authentication. Annually, all employees are required to review TDS' Business Code of Conduct which includes information and requirements on protecting sensitive customer information from improper use and disclosure. TDS data privacy and security policies are reinforced through periodic training required of all employees. Additional consumer protection measures include TDS' use of a third-party verifier to prevent unauthorized presubscribed interexchange carrier (PIC) changes ("Slamming") and the elimination of billing and collection arrangements that could have potentially allowed unauthorized third-party charges to be added to customer's bills ("Cramming").

Line 610 – Description of Functionality in Emergency Situations**Rule 54.313(a)(6)**

Company is able to remain functional in an emergency situation through the use of back-up power to ensure functionality without an external power source. The Company's standard for battery backup is 8 hours in offices with no generator and 4 hours in offices with a generator. This is ensured during semi-annual routine maintenance which includes battery inspection, cleaning, documentation of float voltage and cell temperature, as well as equalization or replacement if necessary. In addition, permanent generators are present at significant wire centers to maintain power in the event a commercial power failure extends beyond battery backup capabilities. Also, portable generators are available for deployment to remote wire centers without permanent generators. The Company's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations. Company facilities are remotely monitored and managed by a centralized Network Operations Center which is staffed 24 x 7, 365 days a year. Technicians are able to remotely access and respond to alarm conditions. By design, transport redundancy is built into the telephony and data network on many levels and in the event of a hardware or circuit failure or traffic spike, the networks are able to self-correct in many cases or, at many locations, technicians are able to manually switch network elements to standby facilities both locally and remotely.

Oklahoma Communication Systems, Inc. – Study Area 431984

Absentee-Shawnee Tribe of Indians of Oklahoma

Jones and Choctaw, OK

FCC - 54.313(a)(9)

Summary

Oklahoma Communication Systems, Inc. ("OCSI") serves a portion of the Absentee-Shawnee Tribe of Indians of Oklahoma in its exchanges of Jones and Choctaw, Oklahoma. The tribal lands served by OCSI are part of "former reservations", now known as Oklahoma Tribal Statistical Areas. Absentee-Shawnee tribal members do not live in specifically defined tribal communities within the OCSI service area. All customers of OCSI, including tribal members, have access to the same facilities and advanced telecommunications services.

TDS-OCSI reached out to the Absentee-Shawnee Tribe through a letter dated May 21, 2014 requesting to schedule a meeting with tribal representatives in fulfillment of its §54.313 (a)(9) tribal engagement obligation and in furtherance of the goal of establishing good working relationships with its customers located on tribal lands. A copy of the letter is attached. TDS-OCSI received no response from the Absentee-Shawnee Tribe and thus was unable complete a tribal engagement during 2014. TDS- OCSI will continue attempts to engage the tribe through further outreach communications in 2015.

George Blanchard - Governor
Absentee-Shawnee Tribe of Indians of Oklahoma
2025 Gordon Cooper Dr
Shawnee, OK 74801-9005

Dear George Blanchard – Governor,

TDS Telecom is a communications provider and eligible telecommunications carrier (ETC) in the Jones and Choctaw exchanges, which are located within the Tribal lands of the Absentee-Shawnee Tribe of Indians of Oklahoma. The FCC, in its Transformation Order released on November 18, 2011, required ETCs to annually engage Tribal governments to discuss, at a minimum, the following issues: (1) a needs assessment and deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services in a culturally sensitive manner; (4) rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and (5) compliance with Tribal business and licensing requirement.

I would like to schedule a meeting with Tribal representatives to discuss the issues listed above and any other concerns you may have regarding the telecommunications services being provided by TDS Telecom. Please provide a list of potential dates and times when the Tribal representatives would be available to meet. My business phone number is 865-671-4750; email jeff.handley@tdstelecom.com. Thank you for your prompt attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "Jeff Handley".
